

## **Safer City Partnership Proceeds of Crime Act (POCA) funding criteria 2021–2022**

### **The Safer City Partnership POCA fund guidance 2021**

The Safer City Partnership (SCP) plays a central role in reducing crime and other harms that affect those who live, learn, work and visit the City of London. By working with statutory and non-statutory partners, we work to implement plans that help to improve the safety and wellbeing of those in the Square Mile, while tackling the key causes of crime. A multi-agency initiative, the SCP allows us to develop projects around key themes and priorities in order to effect positive change within the City. The SCP takes into account the priorities and strategies of its members when formulating SCP plans and ambitions, including documents such as the *City of London Policing Plan 2020–23*.

We are ambitious in our vision for the City of London: it should be a safe place to live, learn, work and visit.

### **Funding: the context**

A central component of funding to support projects that help to create a safer and more pleasant City is obtained from the Proceeds of Crime Act 2002 (POCA). This legislation grants the police and other public bodies the power to confiscate assets and cash from individuals who are convicted of offences or – on the balance of probability – have benefitted from their illegal activities. This also includes assets that have not been able to be returned to their original owners. A portion of the value of recovered assets is then committed to fund local crime-fighting and community safety priorities for the benefit of the community.

We are committed to ensuring that those who have engaged in criminal activity will see their assets contribute towards reducing crime and making our communities safer.

At present, the funding from POCA provides grants for initiatives proposed by SCP members, with funding allocated through a competitive application process.

We now plan to broaden the criteria for who can apply for funding. This will include community groups and charities, among other organisations. This change is being implemented with the aim of creating a more inclusive funding process, as well as to encourage new ideas and initiatives, which will benefit the people and businesses of the City of London.

This renewed guidance is in line with Government guidance for how POCA funding should be distributed: namely to improve community safety and reduce crime for the benefit of the communities we serve.

### **Grants available**

Grants available range from £1,000 to £50,000.

### **What should the focus of initiatives requesting funding be?**

#### ***Priority areas***

In line with the SCP's priorities, applications for funding should focus on at least one of the following key areas:

- Anti-Social Behaviour is tackled and responded to effectively
- People and businesses are protected from theft and fraud/acquisitive crime
- People are safe and feel safe in the night-time economy
- People are safe from violent crime and violence against the person
- Vulnerable people and communities are protected and safeguarded from crime.

The SCP takes into account the strategic aims and priorities of its members, including the City of London Police (and its Policing Plan 2020–23). Consequently, the SCP's priorities are broadly aligned with those of the City Police and of other SCP members. However, given the nature and focus of some criminal activity dealt with almost exclusively by the police, the SCP will also be accepting funding requests for an additional key area:

- Countering terrorism (as specified in the *City of London Policing Plan 2020–23*)

In your application, you must demonstrate the **need** for your initiative, the **means** by which you will deliver it, and how you will **evaluate** the outcome.

Funding will be granted on a 12-month basis. We strongly recommend that applicants seek match-funding from other sources, so that initiatives are not solely dependent on funding from the SCP POCA Fund.

You can find out more about the SCP and view the Strategic Plan 2019–22 [here](#).

You can find out more about the City of London Policing Plan 2020–23 [here](#).

#### ***Key themes***

While focusing on one of the key priorities outlined above, the SCP is eager to encourage applications that also consider at least one of the following key themes:

- Combatting and reducing youth crime and knife crime
- Ensuring the most vulnerable are protected
- Promoting community engagement and cohesion
- Promoting respect and fostering dialogue
- Protecting individuals and communities from exploitation (including sexual exploitation and modern slavery)
- Protecting individuals and communities from the threat of radicalism
- Tackling hate crime
- Tackling the causes of anti-social behaviour
- Tackling violence and domestic abuse
- Victim and perpetrator intervention and prevention

- Youth inclusion in creating safer communities

### **Who can apply?**

- Not-for-profit or voluntary organisations, community groups, charities and community interest companies (CICs) registered with Companies House or the Charity Commission
- Organisations that work to improve the safety and the reduction of crime in the City of London (including issues which may lead to the committing of crime)
- Organisations that provide a free-of-charge and confidential service
- Organisations that provide a service regardless of whether a crime has been reported to the police.

### **What will my organisation require to be eligible for funding?**

- A Diversity, Inclusion and Equality policy (or equivalent), which you are able to produce and demonstrate your organisation's commitment to
- A governing/founding document that articulates the organisation's charitable/community aims (including provision – such as a dissolution clause – in the event that the organisation ceases to exist)
- A management committee with at least three unrelated members; CICs should have at least three unrelated Directors registered with Companies House
- Implementation of appropriate safeguarding procedures for organisations working with vulnerable individuals and/or children
- Organisations must have a bank account, with a minimum of two signatures (of unrelated persons) for withdrawals, together with a constitution/articles of association/trust deeds, or similar document
- The ability to provide annual audited accounts and/or financial records that illustrate the balance of funds and a breakdown of income and expenditure (N.B. organisations that have been established in the last financial year will not be excluded from the application process on the basis that they lack a set of annual accounts).

### **What can't the SCP provide funding for?**

- Consultancy fees and feasibility studies
- Core running costs alone (although funding for a portion of core running costs will be considered in order to support the initiative seeking SCP funding)
- For-profit endeavours or applications made by profit-making organisations
- General fundraising appeals
- Grant-making organisations
- Individuals
- Loan or debt repayments
- National or regional organisations, unless the grant is ring-fenced for use within the City of London/a City of London branch exists within the organisation
- Overseas travel
- Projects of a political nature or that promote a particular political view
- Recurring funding for initiatives beyond 12 months (projects may run for longer than 12 months, but the SCP will only provide funding for a 12-month period)
- Retrospective funding
- Statutory services

## **Evaluation and monitoring**

A vital aspect of your application will be the procedures you plan to implement to monitor the success of your initiative over its lifetime. This may include reaching key milestones by agreed dates; targets for outreach with particular groups; or the delivery of a set number of workshops within a particular timeframe.

All projects which are successful in receiving SCP funding will be subject to assessment or review by the SCP, select partners or local police bodies throughout the lifetime of the initiative. The SCP will also require the completion of an evaluation document at the end of the funding period.

All funding granted must be spent in line with the proposals made in your application and the agreement made with the SCP in relation to the funding remit. Evaluation by your organisation must demonstrate this and will be a focus of SCP monitoring. Any improper use of funds may require the partial or total repayment of the grant to the SCP. Any unused funds after 12 months must be returned to the SCP.

You must inform the SCP immediately of any significant changes in the nature or focus of your initiative over the funding period. You must seek the permission of the SCP before any changes are made to how grant funding can be utilised. Failure to do so may result in the withdrawal or requested repayment of funds.

## **Local networks and your project**

It is recommended that you reach out to the City of London Crime Prevention Association and/or your local community police (as well as other appropriate community representatives) in relation to your proposed initiative. This can be helpful in building support and developing ideas in relation to your project, not only during the application process, but also during the implementation stages. Additionally, it is useful to develop a local network in order to avoid your project duplicating pre-existing services.

## **Application process**

Stage One: Expression of Interest

Stage Two: Presentation

Stage Three: Completion of formal Application Form

## **Assessment criteria**

1. The initiative is in line with at least one of the SCP's 'priority areas'
2. The initiative considers at least one of the SCP's 'key themes'
3. The need for the initiative is clearly demonstrated with supporting evidence
4. The initiative benefits the people and/or businesses of the City of London
5. The budget is cost-effective, and all aspects of requested funding provisions are eligible under SCP POCA Funding criteria
6. The initiative will increase community safety and/or enables crime prevention/reduction

7. The initiative will have a positive and long-term impact on the City of London
8. The initiative demonstrates clear tools for evaluating and monitoring metrics for success.

**Please note:** During these unprecedented times, assessment for 2021–22 will also consider the ability of initiatives to operate during the COVID-19 pandemic and associated restrictions, such as lockdown and social distancing. We understand the challenges this will pose for a number of applicants seeking funding. While we will take this context into account, we would encourage all applicants to clearly demonstrate how their initiatives will be able to operate during the pandemic and adapt to potential changes in Government advice.
